Maintenance Plan

Designed to fit your budget!

207-645-4449

support@expenet.com

WHAT IS IT

- Preventative maintenance for your computers
- Regular system support

WHAT WE DO

- Review system performance
- Ensure software is up to date with security patches
- Review event logs
- Review backup success or failure
- Test backup restore process
- Review Antivirus software
- Make recommendations for improvement
- Setup remote access for fast remote support

WHY WE DO IT

- Being proactive vs reactive
- Improve the system before it fails
- Faster troubleshooting
- Steady improvements

WHEN WE DO IT

- On a monthly or quarterly basis
- Scheduled to fit your needs
