Expent focuses on web solutions that drive results.

Our Web Solutions

Website Design

Our passion entails creating feature-rich, innovative and highly functional websites. We focus on the customer experience, not pretty pictures.

Web Hosting

We offer comprehensive web hosting solutions to meet every need: website, email, backups, SSL, security updates, and more!

Content Management System

Our goal is to equip our customers with an intuitive solution to manage their site. We offer various Content Management Systems to make updates quick and easy.

Graphic Design

We understand the importance of advertising your business. Let Expenet design custom banners and graphics for your website, social media sites, and more!
